Women And WAR

Through correspondence and monologues, *Women and War* is a collection of fictional stories based on historical fact, told by generations of Americans impacted by conflict from The Great War to the War in Afghanistan. From housewife to worker, young bride to nurse, mother to widow, young woman to soldier, these are tales of sacrifice, love, determination and hope told by those who bravely persevere on the home front and on the battlefield. This play is deeply touching and educational; it is an emotional roller coaster. These accounts are moving, funny, exciting, humbling, and incredibly sad all at the same time. "The play doesn't shy away from asking questions it can't answer." -- Amnesty International

One of the most popular Disney movies of all time is capturing hearts in a whole new way: as a practically perfect musical! *Mary Poppins* received nominations for nine Olivier and seven Tony Awards, including Best Musical. The jack-of-all trades -Bert- introduces us to England in 1910 and the troubled Banks family. Young Jane and Michael have sent many a nanny packing before Mary Poppins arrives on their doorstep. Using a combination of magic and common sense, she must teach the family members how to value each other again. Mary Poppins takes the children on many magical and memorable adventures, but Jane and Michael aren't the only ones upon whom she has a profound effect. Even grown-ups can learn a lesson or two from the nanny who advises that "Anything can happen if you let it."

Woodland Theatre Has a New Look

The new Façade that took shape in 2017 really changed the look of our theatre. The community took notice! In the fall of 2018, the upper façade continued the same theme with a flat roof for better drainage.

This spring, 2019 the old stucco was removed from the back of the building to begin the restoration of the backstage area. Unfortunately structural damage to the foundation and wood members was discovered. Our State Historical Preservation grant was then revised, allowing us to construct a new enlarged foundation and protective envelope over the backstage area.

After the backstage envelope was complete the façade work was completed with metal trim above and below the upper façade.

Voila! Woodland Theatre has a new look.

The entire façade and back envelope projects involved 396 hours of Woodland volunteer labor, \$17,200 from Innovia for the upper façade work, \$43,000 from a WA State Heritage Preservation grant for the backstage envelope, and over \$30,000 in Woodland funds to complete.

In the meantime Woodland purchased a parking lot that included a large Quonset hut for much-needed storage. Woodland is now saddled with our first mortgage. With 17 volunteers the large storage area was cleaned out of years of tools, old insulation and debris, including several trips to the landfill, in just two hours!

Next, more funding and more volunteer hours will be needed to rebuild the backstage inside its protective envelope. This will be Capital Campaign Phase Two. Those wishing to be part of this effort can join the Friends of Woodland Theatre or the Major Donors group by sending a donation to Woodland Productions, PO Box 524, Colville WA 99114.
