Journey "under the sea" with Ariel and her aquatic friends in *Disney's The Little Mermaid JR.*, adapted from Disney's Broadway production and the motion picture (featuring the enormously popular Academy Award-winning music and delightfully charming book and lyrics). Based on one of Hans Christian Andersen's most beloved stories, *Disney's The Little Mermaid JR.* is an enchanting look at the sacrifices we all make for love and acceptance.

In a magical underwater kingdom, the beautiful young mermaid, Ariel (Addison Jones), longs to leave her ocean home — and her fins — behind and live in the world above. But first, she'll have to defy her father, King Triton (Caleb Bridge), leave behind her sisters (Adrina - JaydiAnna Briggs, Arista - Jamie Gallangar, Adella - Cheyanne Jones, Allana – Zoey Mihaltian, & Aquata – Jessica Lawrence), make a deal with the evil sea witch, Ursula (Ande Schoonover), and convince the handsome Prince Eric (Max Clift) that she's the girl whose enchanting voice he's been seeking. Put out to sea, put on your sea legs and journey under the sea with us this July.

As you have been driving past Woodland Theatre, you have probably wondered aloud, “WHAT’S HAPPENING??” Demolition of sections of the back stage roof have been completed to prepare for Simon Abeid Construction to begin building the protective envelope around our backstage area. This envelope with a new roof, on a new foundation will allow for an expanded, remodeled back stage in the future. Grant assistance from the WA State Heritage Capital Fund is a big part of this restoration project. We would like to thank a fabulous work crew of Jerry Voelker, Tom Drake, Dave Jones, David King, Byron Kerner and Peggy Townley who assisted Andrew Urbaniak in the foundation backfill. Work on the upper façade parapet, on the front of the building, will be visible soon, wiring and supporting structures are now in place, thanks in part to an Innovia Grant!

Great performances need a stage, a backstage to enter from and a comfortable audience. Our Friends and Donors make Woodland Theatre performances possible, and help us meet all those criteria.

Theatre as the greatest of all art forms, the most immediate way in which a human being can share with another the sense of what it is to be a human being.
