

What could be more fun than seeing some of your favorite Brothers Grimm fairytales collide with the music of Stephen Sondheim? Seeing it all happen on the Woodland theater stage in the fantastical musical, *Into the Woods*!

Directed by Colleen Rader and supported by a cast and crew of both veteran and new faces, this is a production that is sure to delight audience members of all ages. *Into the Woods* follows the plight of a baker and his wife who, above all else, wish for a child. Unfortunately for them, their village is home to several others who are also on quests to fulfill their own wishes.

Giants, fantasy, and the theme "Be careful what you wish for" take center stage in this inspired musical. Watch as beloved storybook characters from your childhood battle with the consequences of their actions and come together to make the sacrifices needed to save each other- and their kingdom. Journey along and find out what really comes *after*, "happily ever after".
